

Anja Philippsen

The University of Tokyo, Japan
anja@ircn.jp

Bio

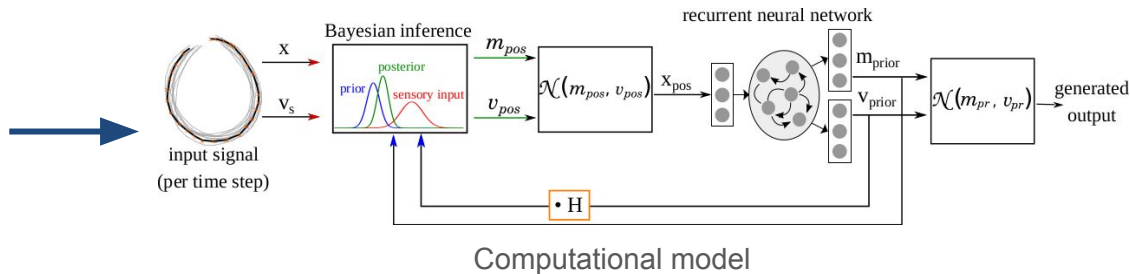

- 10/2013 M.Sc. in Intelligent Systems, Bielefeld University, Germany
- 02/2018 Ph.D. on “Goal-directed Exploration for Articulatory Skill Acquisition”, Bielefeld University, Germany
- Since 12/2017 PostDoc Researcher in **Cognitive Developmental Robotics Lab** (Yukie Nagai) The University of Tokyo, Japan

Research Interests

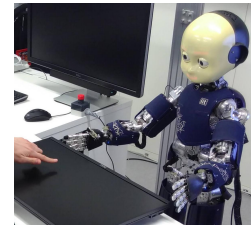

Computational models of human cognition and behavior, machine learning, recurrent neural networks, developmental disorders, speech acquisition, ...

Human behavior

Computational model

Robot
